Ayer's Cathartic Pills,
For all the purposes of a Laxative Medi-
cine.

Pills no one medi-
cine is so universally re-
quired by everybody as
a cathartic, nor was ever
any medicine so generally
adopted into use, in
every country and among
all classes, as this in-
dissoluble Pill.

The following rea-
son is, that it is more
readily digested and
more easily absorbed
than any other.

Those who have
tried it know that it cures those who have
not, know that it cures their neighbors and friends,
and those who have not, know that it cures them,
but it never fails through any fault or neglect of
its composition. We have, and can show, thou-
sands upon thousands of examples of its efficacy.
We have, and can show, that it cures all such
cases known in every neighborhood, and who
should we put them to? Adapted to all ages and
conditions in all climates; containing nothing but
such articles as may be taken with safety by anybody.
Their sugar coating pre-
serves them ever fresh and makes them pleasant
to take, being pure, vegetable, no harm can
arise from their use.

They operate by their powerful influence on the
internal viscera to purify the blood and stimulate it
into a more rapid circulation, and thus cleanse
the stomach, liver, and other organs of the
body, restoring their irregular action to health, and
by correction, wherever they exist, such derange-
ments are removed.
